Onset and Rime

## Onset and Rime Bingo

Benchmarks: A.2a, F.2f

### Objective

The children will segment, blend, and match onsets and rimes in words.

### Materials

- Rime Bingo Boards (Activity Master) - *Copy on cardstock, cut apart, and laminate.*
- Counters (or BINGO chips)
- Onset and Rime Picture Cards (Activity Master) - *Copy on cardstock, cut apart, and laminate.*
- Extension: Dry Erase markers and erasers

### Activity

After teacher introduction, children match rimes while playing a Bingo game.

1. Place Rime Picture Cards face down in a stack. Give each child one Rime BINGO Board. Taking turns, child one selects the top card and silently names the picture (e.g., box). Then, orally segments the word into onset and rime (e.g., "/b/ /ox/!").
2. All children say the word by blending the sounds (e.g., "box") and then search on their rime picture boards for the picture with the matching rime. They will place a Bingo marker chip on the picture.
3. All children say the word by blending the sounds (e.g., "box") and then search on their boards for the picture with the matching rime. They will place a Bingo marker chip on the picture.
4. Take turns drawing cards from the stack and continue until all pictures are covered on each card.
5. Peer evaluation.

### Adaptations and Extensions

- Using a dry erase marker, write the words of the matching rime on the board using the words on the card as a guide.

The diagram illustrates the activity process. On the left, a picture card shows a brown cardboard box with the word "box" written below it. A large black arrow points from this card to an "Onset Rime Board" on the right. The board is a 2x3 grid of boxes containing the following images: a bowl of rice, a frying pan, a log, a hat, a fox, and a yellow car.
