TEACHER EXPLAINS TASK

TEACHER MODELS TASK

Place *Irregularly Spelled Word Cards* in one pile. Display the YES/NO cards on the table.

Listen.

I am going to read irregular words. Irregular words have some letters that do not make their usual sounds.

I have a “yes” card and a “no” card. If I read a word accurately, I will put the word on the “yes” pile; if I do not read a word accurately, I will put the word on the “no” pile. Show the placement of the *Irregularly Spelled Word Cards* to the students by putting each word below the “yes” and “no” cards. Be careful not to cover the “yes” and “no” cards.

Display one word card (*friend*). “friend”

I read “friend” accurately; so I put the word under “yes”.

Display another word card (*come*). “come”

I read “come” accurately; so I put the word under “yes”.

Display another word card (*many*). “man... ee”

I did not read the word “many” accurately; so I put the word under “no”.

Continue reading all words. Misread or segment two to four words and place those word cards in the “no” pile.
