SUBJECT: Florida Assessments for Instruction in Reading sy0910 Assessment Dates

This is to clarify the 2009-2010 Data Collection windows for the Progress Monitoring and Reporting Network (PMRN).

Data Collection Period	Instructional Day Begin	Instructional Day End	Length of Data Collection
AP1	ID 6	ID 40	35 instructional days
AP2	ID 66	ID 100	35 instructional days
AP3	ID 136	ID 170	35 instructional days

Please note that the Data Collection Period for the Florida Kindergarten Readiness Screener (FLKRS) is 30 instructional days (ID6-ID35).

Also, note that the PMRN v3 will not be available for the reporting of assessment scores until Monday, August 31. The K-2 Electronic Scoring Tool (K-2 EST) and the 3-12 Web-based Assessment Module (3-12 WAM) that support the Florida Assessments for Instruction in Reading will not be available until Monday, August 31.

Schools with a start date prior to August 24 will have a shorter Assessment Window. Beginning August 31, these schools will have the **lesser** of twenty instructional days or until Instructional Day 40.

Examples:

Schools that begin on July 14 will be at instructional day 35 on August 31. The PMRN, K-2 EST, and 3-12 WAM Data Collection Period will extend until Instructional Day 55—a 20 day Data Collection Period.

Schools that begin on August 17 will be at instructional day 11 on August 31. The PMRN, K-2 EST, and 3-12 WAM Data Collection Period will extend until Instructional day 40—a 30 day Data Collection Period.

It is recommended that schools with an early start date use the paper and pencil version of the K-2 Florida Assessments for Instruction in Reading. Starting August 31, scores can be entered through the PMRN data entry page User Interface.

The PMRN will allow for the collection and entry of scores after the Data Collection Period ends. Students who are new to the school or for another reason, were not assessed during the Data Collection Period can be tested and have reports generated. The data from these students will not be included in the class, teacher, school, district, or state aggregates. The lengths of the full Assessment Periods are:

	ID	ID
AP1 =	6	60
AP2 =	66	130
AP3=	136	185

The lockdown dates during which no assessments may take place, including Ongoing Progress Monitoring (OPM), are Instructional Days 1-5, 61-65, and 131-135.
