

Comprehension Session 2

Activity 2.2 Reflect and Next Steps for Text Structure

Activity 2.2: Reflect and Next Steps for Text Structure

Directions: Complete 1-2 during our session and 3-6 after our session. We'll discuss this activity at our next session.

- | |
|--|
| 1. Select one of the text structures you identified in one of the texts you brought for Activity 2.1: Identifying Text Structure. Work with a partner to create a think aloud to teach the text structure, the clue words or questions to ask, and the meaning of the structure. |
| 2. When you teach this text structure to your students, what scaffolds will you provide for English language learners? |
| 3. Use the think aloud you created for #1 to teach your students the selected text structure. |
| 4. Did you teach the think aloud as planned? If not, describe any adjustments you made and why you made them. |
| 5. How did your students respond to your instruction? Which scaffolds were effective? |
| 6. How did you (or will you) determine if students can independently use the text structure you introduced through the think aloud? |
