Objective
The student will combine final consonant blends with other letters to form words.

Materials
- Word spinners
  Copy spinner on card stock.
  Cut spinner and attach arrow with a brad.
- Student sheet
- Pencils

Activity
Students make words using initial letters and final consonant blends by playing a spinner game.
1. Place spinners at center (i.e., initial letters spinner on the left and final consonant blends spinner on the right). Provide each student with a student sheet.
2. Taking turns, students spin both spinners. Combine and write letters from spinners on student sheet under the corresponding final consonant blend. For example, if initial letters spinner lands on “ju” and final consonant blends spinner lands on “mp,” the student writes “jump” in the “_mp” column.
3. Read word and decide if it is real or nonsense. If nonsense put an “X” through it.
4. Continue until all possible words are made.
5. Teacher evaluation

Extensions and Adaptations
