Phonics

Morpheme Structures

Word Plus

Objective
The student will identify individual words in compound words.

Materials
▶ Picture cards
▶ Student sheet
▶ Pencil

Activity
Students isolate individual words in compound words by playing a picture game.
1. Place the picture cards face down in a stack. Provide the student with a student sheet.
2. Student selects the top card from the stack and says the name of the picture.
3. Identifies the individual words in the compound word which names the picture.
4. Records the two individual words and the compound word that they form.
5. Teacher evaluation

Extensions and Adaptations
