Objective
The student will identify story elements.

Materials
- Narrative text
  Choose text within students’ instructional-independent reading level range
- Story Grammar Yammer student sheet
- Pencil

Activity
Students record story details using a story grammar organizer.
1. Place text at the center and provide each student with a student sheet.
2. The student reads the narrative text.
3. Identifies and writes the setting, characters, problem, events, and solution on the student sheet.
4. Teacher evaluation

Extensions and Adaptations
- Work with a partner to retell the story using the graphic organizer.
- Use other story grammar maps.
