Objective
The student will identify variant correspondences in words.

Materials
- Plastic letter tiles or paper letter tiles (Activity Master P.016.AM1)
  *Copy on card stock, laminate, and cut.*
- Paper bag
- Paper
- Pencils

Activity
Students make words including those with variant correspondences by using letter tiles.
1. Place consonant, digraph, and diphthong tiles in paper bag and vowel tiles face up on table.
2. Taking turns, students choose five tiles from the bag and two vowel tiles from the table (i.e., take the “e” and one other).
3. Use the tiles to make as many words as possible. Read each word and record it on paper as it is made.
4. Place tiles back in the bag and on the table.
5. Select new tiles from the bag and on the table and continue to make new words.
6. Teacher evaluation

Extensions and Adaptations
- Use two sets of tiles and more letters to make longer words.
- Use a timer to see how fast words can be made.
### How Many Words?

<table>
