Activity

Students make vowel-r combination words using magnetic letters.

1. Place vowel-r combination work board and magnetic letters on magnetic board. Provide student with a student sheet.
2. The student selects magnetic letters to combine with vowel-r combinations to make new words (e.g., art, cart, far, march, star).
3. Records each new word as it is made in a star on the student sheet.
4. Continues until all vowel-r combinations are used and student sheet is complete.
5. Teacher evaluation

The image shows two components of the activity. On the left is a student sheet titled 'Word Stars' with a 'Name' line and a 'P.022.SS' label. It features a 4x3 grid of stars. The first row contains the words 'cart', 'star', and 'march' written inside the stars. The remaining stars are empty. On the right is a 'Vowel-R Combinations' work board. It has a title and four rows of boxes for writing combinations: 'm ar ch', 'er', 'ur', 'or', and 'ir'. Below these boxes are the letters 'c i f h e' and 'b s t a d' arranged in two rows.
